

## You Have Nothing to Lose!

It is our job to secure any refunds, credits, and savings for you.

We work on a contingency basis and do not get paid unless we do our job.

**No results...no fee!**

**Did You Know That Most Utility and Phone Bills Contain Overcharges?**

**Claim Your Refund Today!**

There is a good chance that your utility company has overcharged you. This includes your phone, electric, and gas expenses.

Our team of professional auditors, analysts, and engineers specialize in getting refunds for our clients by auditing bills as far back as six years. Most of our clients don't even realize that these funds can be refunded and just assume since it was paid already that there is no recourse.

The best part – we work on a contingency basis, which means that we only get paid if we get a refund or savings for you. You have absolutely nothing to lose!

## Utility Auditing

Utility bills are often overlooked and just paid each month costing the business thousands, even millions of dollars over time. Our team of veteran professionals know the particulars of every major utility company throughout the country.

Our analysis includes

- ✔ Invoice Accuracy
- ✔ Billing Structure
- ✔ Rates
- ✔ Tariffs
- ✔ Meter Constants
- ✔ Estimated Billings
- ✔ Taxes and Surcharges

## Telecom Auditing

Telecom bills can be confusing and overwhelming. We analyze these bills, break down the codes, and in most cases get a refund. Our experts will also make savings recommendations that will reduce your expenses tremendously.

Our analysis includes such areas as:

- ✔ POTS
- ✔ PRI's
- ✔ VoIP
- ✔ MPLS
- ✔ Ethernet
- ✔ SD-WAN
- ✔ Taxes and Surcharges
